

**Civic Government (Scotland) Act 1982 (Licensing of Skin Piercing and
Tattooing) Order 2006**

Doctor/General Practitioner Consent Form

Premises Name	Address	Telephone No

Client Name	Address

Dear Sir/Madam,

Your patient has requested a tattoo in terms of the above Legislation.

A tattoo is a process in which a colouring material is inserted into the skin and designed to leave a permanent or semi-permanent mark and includes micropigmentation and microblading.

The Client has indicated a pre-existing medical condition during the consultation process. If you consider the process will have no adverse affects on your patient's condition and there will be no adverse affects on any medication being taken by you patient could you please complete the form below.

I have considered the patients condition and medication and feel that the procedure will have no adverse affects on his/her condition.
